My Dear Friend I write
this to say that my
Bull has gone to
Phila. where it is
now exposed in
their Annual Exhibition
and with directions
for them to forward
same to the Coecoran
Gallery at the close
of the Exhibition. The
End of the coming month
hoping same will
reach you safely. Will
you kindly notify
the Gentleman in charge
of its coming. and

would say that in
sending this work
to your association
do so with full con-
fidence that the same
will be placed on
its walls for a time.
With hopes that they
may see fit to re-
tain the same for its
permanent collection.

My price for the
work is \$2500, but and
I do not care to dis-
pose of it less. Feeling
the work fully justifies
the price. You know
well its success here
and in Munich and
the general remark it
made both with the
public & press.

Will you kindly
let me know when
the work reaches you

etc. In case the
directors see fit to
retain the work. I would
like to have the priv-
ilege to expose the
same at the Chicago
Ex. and in that case
would be catalogued
as the property of
the Museum etc.

Chialini has just
come into the city
and again down to
work as you can
fully picture him
the same good friend
& brother. God bless
him he has been
more than that to
me.

Hope this will
find you well &
busy & that I may

Gentlemen,

I have now in

my charge a very large & important
painting by Chas. Jacques that
I have been told you would be
interested in. It is considered
by several experts who have seen it
to be Jacques' masterpiece. I should
be pleased to have you see it at
any time you might appoint
to suit your convenience —
 Hoping to hear from you
I remain your sincerely
W. R. Leonard.

Washington, D. C.

Dear Sir:-

Your favor of Feb. 20th received.- I indeed told you that many people were now using the Petroleum Varnish, but the one I meant is the one which is made in Paris under Mr. Vibert, the painter's, supervision. I could not say whether it is to be procured in New York.

As for the other, Mastic, the varnish which we use, it is made with mastic and Essence d'aspic. It also makes very good varnish.

I am at your disposal for any further enquiry you would like me to make for you in the matter, and I remain,

Yours very truly,

Durand-Ruel

Writes for height
of vestal figure:

Dr. J. S. Barbarin,
 Concordan Gallery,
 Dear Sir:-

Will you kindly furnish me
 with height of the "Vestal Triccia" figure
 in your Gallery, also height including
the sieve? I desire information
 for my sister, who is painting from
 a study of the original. She has
 a photograph giving reduced size,
 but desires to know actual height
 as above.

Please address as below, as I leave city
 for a time.

J. S. Barbauld Esq.

Curator, Corcoran Gallery

Washington D.C.

My dear Sir— I take the liberty of
again writing you, referring to my painting of Niagara Falls,
which you have seen. I have to dispose of it, and knowing
that your acquaintance with methods and means is extensive,
would you very kindly favor me with suggestions to that end;
and whether in your opinion, it could be exhibited at the
World's Fair, and if so, the means to employ to that end; I
admit as you have said, it has been neglected, and as I am
not in position to expend money upon it, are you able
to suggest any one with whom I could take the matter
up, looking to the proper cleaning, framing, and disposi-
tion of it upon proper terms— I trust I am not troubling
you too much, and that you may be able to assist me as
above—

very respectfully and truly I am

yours &c

J. H. Wentworth Sr
